Hodge Computer Systems, Inc. Quarterly Maintenance Packages

Standard:

Our Standard level service agreement consists of maintenance ONLY. Once every three months, at a time that can be agreed upon, a technician will arrive at your location to perform general maintenance on your computer systems. Maintenance includes:

- Windows Updates
- Virus Updates and Scan
- Spyware Updates and Scan
- Removal of Temporary and Temp Internet Files
- Optimization of Computer Startup Procedure
- Minor Systems Error Check
- Disk Checking
- Disk Defragmentation

With this plan, any and all other service related issues would be billed at our normal hourly rate. The cost of the standard plan depends on the number of workstations that require quarterly service. Rates and ranges detailed below:
